“ *Ayesha was always a Beautiful person in and out . She lived in Seven Springs in
my Apartment complex and was always nice to talk to with a kind voice. She
always complimented me on how photogenic I was. It's so hard to believe a
person with such a Awesome spirit has gone from us, but if anyone is an Angel
She is Riding high and taking those pics in the sky.*

“ *We were blessed to have this gentle soul cross our path. Though only for a
matter of months did art bring our spirits together, From the start, Ayesha
embodied the full definition of Human: Kind, gentle, smart, fair, and
compassionate. This is a human that humankind will miss.
attached is Harold and Ayesha on the day we met them in Barnsville Ga at the art
center were she presented.fabulous work....*

We will all miss her amazing talent and that beautiful smile, till we meet again my friend .

“ Ayesha will be missed by so many. She was always wise beyond her years. I did attend Clarkston High School with her and always admired her wisdom and kindness. But, it has been as middle aged women, wives, mothers, that we have really connected. I will miss her eye opening social media post. She continues to educate and lead her CHS fellow alumni and friends. Her wisdom and her perspective have helped me to navigate and be a better person to everyone who my path crosses. She was always willing to have honest and real conversations about difficult, life changing subjects with me. Her legacy as an independent career woman, a mother and a civil rights leader and influencer will live on. I pray for Steve and Ethan during this difficult time. She was such a special human being and everyone will miss her.

“ Life is fleeting. Memories are permanent. Moments are perceived, gathered, captured and portrayed like the photographs that Ayesha made of families and children and friends. My wife, Leslie and I met and knew Ayesha far too briefly, barely three months. I am a colleague, a fellow photographer like Ayesha, but more so...a new friend. We shared not only photography but curiosity and conversations about a myriad of subjects. We had met at the Lamar Arts Gallery in Barnesville, GA where our photographs were being exhibited. Ayesha introduced me to her father whom I send my condolences and which I share my sympathies with Ayesha’s husband, Steven and their son Ethan. Like the quick click of a camera’s shutter, our physical moment here may vanish but we believe another view begins. So Ayesha will now see new vistas to gaze upon with new eyes. Moments wane and memories last. Gather ye rosebuds and God Bless Ayesha.

“ Ayesha was always the easy going when we would work together on the many photography guild events. She had a way of putting her touch on everything which brought life to each imagery creation. Ayesha wasn't just an amazing photographer she was a great friend to everyone that knew her. It's still hard to believe that she's gone. May God cover her husband Steve, Ethan "E" and all of Ayesha's family and friends during the time of bereavement. We will miss you my Sista Ayesha. “ Sending prayers and hugs to Steven and Ethan. I don't have to tell you how amazingly your wife/mother's smile was. And as amazing as her smile was, her spirit was even better! I knew Ayesha from the Queen photography group. She always showed up and brought so much love and light with her. And she always spoke of you both with love, pride and that smile. I'm so happy that we had a chance to meet, she will be missed.

“ To Ethan and family,
Your Mother was such a warm and delightful person to know.
I loved a photograph of you that she took when you were around three years old. Dressed in denim overalls, sandals, and wearing a red watch. She gave me that picture which I have. For years I displayed it in my classroom and now it is in my living room. The picture captured your spirit of awe and her artistic ability recognize a special moment.
Ethan somewhere I read, "It's the love that's left behind that lasts forever, the joy of having .been part of someone else's journey that warms our hearts.
May God comfort you and cover you with love and peace.
In Deepest Sympathy,

“ Ayesha was a beautiful soul. I will remember her dance moves, her laughter and kindness. I will remember the great night I had with her on 2/19/22 as a few of us met up to have fun trying to get out of an escape room and dinner afterwards. It is still so unbelievable. My thoughts and prayers go out to Steven, Ethan, and her family. Heaven has a new angel.

“ To Steve, Ethan, and the entire family:

We your humble neighbors are so terribly sorry to hear about the loss of your wife, mother, and family member. Because we know all too well how empty and alone one feels when their loved one passes, we offer these words in hopes they provide some consolation to you and yours.

The spirit of God is peace that soothes the heart. As the abiding comforter, the spirit of God brings peace to the heart. When our time on this earth ends, our spirit returns home to the Father as a living breathing spirit once again surrounded by love and living and laughing with the Heavenly Father.

In honor of Ayesha Lakes who has gone home before us, we take a moment to dedicate a portion of this day to her memory. Ayesha was a free spirit who contributed to the lives of those around her in unique and meaningful ways. We will never forget that big, beautiful smile of hers. Whether as a friend or a good neighbor, we knew we could always depend on her being there if and when we called. So today we will reflect on her spirit of love and kindness and we will continually be inspired by her example. Although you may be gone from our presence, you will never be forgotten in our hearts or mind.

“ From five years of sitting behind Ayesha in high school homeroom; to great conversations at our 30th class reunion in 2015; to being a white pastor in Alabama trying to explain to my church what Black Lives Matter is really all about, Ayesha has been a faithful friend for over forty years. She always spoke with grace and kindness, even to people with whom she disagreed. She was a fierce advocate for what she believed in, a proud mother to E, and a patient explainer to people like me with a more limited worldview. I am a better person for having known her and a lesser person in her absence. My prayers for her family.
