“ Oh my....Shakira, I am just hearing of this.

You were a great colleague and friend during our years working together. The smile, intelligence and work ethic you possess was amazing, however you were an even better person.

I appreciate our time together and hope in some way this note reaches your soul and supports your family and friends during this difficult time.

See you in the next life,

Chris Fawbush

You were loved by so many. I am so blessed that I was able to be a part of your life. You were a wonderful friend to me. I will never forget you.

I love you Shak - - give our friend a big hug for me when you see her.

“ Such a bright and beautiful light. From the first day you and I met, we called ourselves "kindred." It is rare that you meet someone whose spirit instantly feels like home; that is what you felt like. We went on to share some of the best times of my life that I will treasure always. I am better having been blessed to encounter you on this journey. Thank you for being a part of my tribe. Your energy, pure heart, and good spirit were unmatched. I will miss our trips, your wisdom, our shared love of food, trading beauty tips, and just the way you connected with people. You were always so thoughtful, giving, and did all things with love. I hope I never stop hearing your voice and laughter in my head. I will miss you forever, Shak, but will carry you in my heart always. Rest well, my beautiful friend

“ Rest easy my friend. I still can not believe that you are gone. My faith tells me you are with God and at peace. That's the only thing that gives me any proper perspective on this. You did SO MUCH with your life and touched SO MANY people. I'm glad to have known and loved you. May God keep all that you left behind. I look forward to seeing you again on the other side. Rest well.....Ron Austin
