“ I was blessed to be able to work with AL. His smile truly did light up the room. Like many others, I shared my love for the Lord with Al. He loved sharing God's Word with me each time he came into Hope House. We would always share a moment of praising God. He always spoke life and encouragement to me if I was having a challenging day. Our clients loved and respected him so much. They would always share "what Al said" in our group session. It was such an honor when Al would spend time in the group session I facilitate. He brought so much wisdom, positivity and insight. Rest now my brother until the day we meet again on the other side. You have won the victory. You ran the race, finished the course. You have left a legacy to be proud of. I will miss you.

“ I'm a sign language interpreter who interpreted for Al for a couple of years. He was one of the warmest, most genuine and kind souls I've ever met. For his 10 year anniversary, I gave him a pocket compass to celebrate the occasion because his life experiences became a guide to others who were going through such dark times. His impact will stay with me for my lifetime. Al, I promise to keep sharing your wisdom with those I love.
