“ I did not know Alexis Crawford at all, but I feel like she's part of my family. My daughter attended CAU and her major was also Criminal Justice. In August of 2018 my daughter got pregnant and came home. I thought it was the end of the world. But there is always someone in worse situations that we think. The fact that you all loss your beautiful daughter in such a senseless tragic manner breaks my heart. We send out kids to college to get an education, build a career, friendships and experience fun times. We do not send our daughters/sons to college to be put in harms way. I thought about your daughter on her birthday :(and how you all as a family are dealing with this tragedy. I am praying with you all and for you all as you all during these difficult days. My sibilings was murdered 17 years ago and his murderer still has not been arrested. I know you won't have peace until the two culprits are brought to justice. Sleep peacefully Princess Alexis and be an angel watching over your family and the CAU Family.

“ I have a daughter the same age as this young lady, and by the grace of God, this could have been our daughter. As parents, our hearts hurt for her parents and all of her family members. This was so senseless and we were praying for a different outcome. We wanted her returned to you safe. We send our children to college to prepare them for the real world but unfortunately she found in her room the devils own. This should have been a happy time for her but the devil is very busy. Sweet sleep to you beautiful. You are now resting in the arms of our Savior.

“ Crawford Family, although I am a stranger, Christian love knows no boundaries. I am praying hard for you and and I know that God will provide you the strength and comfort you need during your time of sorrow. Alexis appeared to be a vibrant soul who brought light to darkness. Her name means "protector and defender" which is powerful even in such a time as this. Know that God is with you and hasn't forsaken you. Please accept my condolences.
