“ *Thanks for all of the love and support that our family has received. All of the words of kindness are much appreciated. When I was little, Uncle Andre was who I wanted to be when I grew up. I thought he was the smartest man in the world, working with computers the way he did. He was the first black man in my universe that made me want to pick up a book and read. I will always cherish that. Thanks, unc....you will be missed.*
