

Antoinasha Gresham

January 15, 1995 - October 4, 2020

Antoinasha Gresham, 25, died unexpectedly on October 4, 2020 in Snellville, GA. She was born January 15, 1995, in Atlanta Georgia to Rodney Gresham and Shirley Lee. Her father is a contractor. Her mother is an entrepreneur. They both were born and raised in Atlanta Georgia.

Antoinasha spent most of her time outdoors. She loved nature, playing basketball, and producing music. She was gifted mathematically and graduated from South Gwinnett High School in 2013. After high school, she enlisted in the National Guards, and enrolled into college at Kennesaw State University's School of Math and Science where she achieved the honor of making it onto the Dean's List during her freshman year. Unfortunately, Nesha - as she was affectionately known - did not graduate. Her academic career was halted by schizophrenia. Despite her illness, she continued to express herself through the music she produced. She even transferred to Georgia Gwinnett College where she earned enough credit to be considered a junior in college. This was an extremely difficult task for her considering the effects of her diagnosis. She made her family very proud. She is loved deeply.

Nesha is survived by her paw paw, Adolphus Lee; step-grandma, Johnnie Walker-Lee; grandma, Rhonda Payne; step-granddad, Loring Payne; dad, Rodney Gresham; mom, Shirley Lee; sister, Ra'Niqua Lee; brother, Chanzodia Gresham; 3 half siblings, Jocelyn, Rodney Jr., and Radaja, and a

host of aunts, uncles, and cousins.

She was preceded in death by her grandma Roberta Gresham.

The details regarding her memorial services will remain private. The family asks that you respect our right to privacy during this most difficult time.

“ Sorry for your loss! I attended Stephenson (middle and high) with Antoinessa. She always had a calm/peaceful soul and a comforting smile. Peace to your family.

“ Just in case you have access to technology in heaven, I thought that I would reach out. Next month will mark two years since I lost you. Your mother misses you so very much. Life just isn't the same without you being here. Even though there were so many difficult moments given your diagnosis, life with you is so much better than life without you. I think about you daily. I saved some of your clothes that I wear every now and then. I still have your handprint that I look at quite often. I do those things and more to keep you fresh in my mind. I even still include you in my prayers. Well, I'm not going to keep you. I pray that somehow you get this message. I want you to know that you are loved beyond measure. There is a little piece of me that left the day that you left. Love you Toonk Toonk!!!

“ No doubt you have made fond memories which would resurface from time to time. May those memories and God's words in the Bible bring you some measure of comfort. Truly sorry for your loss.
