TS

“ Hi my name is Tyronne Riley Sr., I know this is late but I had the privilege of being stationed with Artie at Seymour Johnson AFB for a few years. During those years we became very close friends, like brothers. I have so many beautiful memories of our time together and the bond we built as coworkers and brothers. In the past few months myself and another brother Joe Joe had been trying to contact our brother with plans on how we can all meet up somewhere. Each time Joe Joe would say Rough (that's what they use to call me) I could not get him, he's not answering. Then just the other day Joe said I will try to call him and get us on 3 way. A day or two later I got a message from Joe that said "call me bro." I felt an urgency and called him and when he answered I knew something was wrong. "He said Rough, he's gone man that Corona". He was obviously upset with tremble in his voice. I ask what's wrong and he said "he's gone man, Artie is gone. Still days later I keep replaying the message in my head. It's been over 40 years since I last saw Artie but the sense of brotherhood we built is fresh in my heart. I pray that the peace of God which passeth all understanding keep the hearts and minds of the family following such a great loss. I thank you for sharing Artie with us, it was such a blessing and a joy. I have not one doubt on where my brother is at this very moment, for the word says of the believers in Jesus Christ " To be absent from the body is to be present with the Lord. may God continue to watch over you family and may your rest on the many beautiful memories Artie brought to your lives. I close with that same love I had for your love one, Tyronne Riley Sr.

CM

“ Our condolences to the family of Coach Arthur. He was a beloved member of the Ray of Hope Athletic ministry. He worked with us and coached our son for the past six years in baseball, football and basketball. He was dedicated, kind, faithful and fun to be around. We will miss him and so will the many children he coached.

With Sympathy,

Jim, Criss and William Miller
