“ Augusta was definitely a people person, he always was a happy guy , that always had a smile on his face He seemed to really enjoy doing things for people I remember him giving me a pack of hand warmers during the winter months last year , while scanning his parts , that he had to deliver , he said to me , close your eyes and hold out your hands , i have something for you , he said , i did and he said , this will help keep your hands warm. I told him thank you , this will really come in handy for me . He was just that kind of person , being do thoughtful and caring to others. His speciality , which , was also a hobby of his , was cooking . He had brought me in , two different times , last year , the best grilled salmon , with aside of rice and the other with rice and some greens , that i had ever tasted , it was out of this world ! I had commented to him , that he needed to open up his own resturant , that i would be his first customer , he just laughed and smiled at me and said , well , thank you ! , but , that would be too costly and more work , than it would be worth doing , but , that he enjoyed cooking , when he could find the time to do it and that it gave him pleasure , to Cook for others. He had just recently , being , last Friday , on May 26th brought his smoker grill to work , at Empire Auto Parts and had voluntered to grill for us all , his famous gourmet hamburgers and hotdogs . I could really tell , that he was really enoying doing that , dispite the warm weather , with ocassional breezes , which made it the perfect day to grill. You could smell the great aroma of his hamburgers going all through the warehouse , from behind dock door #11 That to me , was a speicial memory of Augusta , that i will carry with me for a long time , besides the grilled salmon he brought to me , two different times , last year. He was such a pollite and nice guy , that truly cared about others . He will truly , truly , be missed by me , as well as others at Empire Auto Parts. He made alot of friends there , his dedication , hard work and concern for others , will always be an example to all of us . I will truly miss you always ! at ( Empire Auto Parts ) , my friend & former coworker , your friendship is truly one to be charished forever !

“ I remember Augusta was such a cool dude. He use to drive me and René around everywhere we wanted to go as kids and not once do I remember him complaining. I even remember me and René sneaking out and going to Sixflags and he covered for us when their dad found out. Lol. My heart and compassion goes out to all you guys and I love you!❤️
