“ Hi Stanley, Charles, Gavin and Haydock, Take comfort in the fact that Aunt Dolly lived a full and rich life. She also possessed a startling memory for details of events that happened decades ago that would that put many of the younger generation to shame. This observation became evident to me when I returned home to New Amsterdam in 2019, and she apprized me of all the history of my boyhood antics and stories of Stanley and the rest of the family, as well as Mary and some of their history. What continues to amaze me up to this day was her poise, spirit, laughter and love for life that she showed on the last two occasions I saw her, despite the battle she had with her own challenges which I believe she won. On behalf Mary's children, Vernie, Godfrey, Patrick and myself we extend our condolences at this sad time to the Bristol family.

“ Auntie as she was so lovingly called was truly a wonderful soul with a great sense of humour I was fortunate many times to visit her at her US homes and enjoyed her tastity Guyanese cooking she was the best at making "coconut buns". Auntie was a disciplinarian who never took sides to favour anyone. She lived a long and happy life. Auntie thanks for the good times; May Auntie Rest In Peace.

Aunt dolly one of the brightest stars in the universe has gone to sleep but while awake her light shined among us with brilliance touching hearts and minds with love compassion laughter giving consoling with selflessness it was a joy to taste her delicious dishes always showing concern for the less fortunate scolding us under the tamarin tree when we get out of line. Aunt Dolly you are gone but will never be forgotten
