“ *Buki,  
You will be missed by all that knew you. I remember when you approached me at MMI in 2003 and offered to help me check in. You did not introduce yourself, but jokingly asked me to look closely at your face to see if i can see a resemblance with Debola and Big Mommy. It was then I remembered Debola telling me to look for you at MMI. Though you were not on duty on that day, you came to the airport to assist me. I appreciate that.  
I pray that the immediate family you left behind will find comfort in their faith in the Lord at this time to be comforted by the Lord's word that you are now where He is.

“ *Senior Bukky (as I fondly called you way back in high school), I got the shocking and saddening news of your demise a few days ago and it still feels like you are just a phone call away!*

*We thank the Almighty for a life, though brief, well lived and take comfort in the hope and belief and that we will meet again at the feet of Jesus.*

*You were indeed loving, caring and looked out for people. Our paths crossed again at the then Ogun State Polytechnic, where we studied food science and tech together; you treated me like your very own baby sister. You were one of my supports when I had lost my dad at that very tender age.*

*We cannot question God as we return all the glory to Him for granting you grace to achieve what you could while on earth and pray that Him alone comforts the loving daughter, husband, family and friends you left behind.*

*On behalf of Food Science and Tech Dept, 1995 set of Ogun State Polytechnic Abeokuta and Maryland Comprehensive Secondary School, 1992 set, we pray that your soul finds eternal rest in the bosom of God.*

*Goodnight my senior Bukky.*

Thank you for accepting me for who I am without discriminating or judging me. You will forever have a special place in my heart. You left me without saying Goodbye. The last time i saw you in person was on November 3, 2020 when i came to check up on you and i told you i will be back not knowing that was the last time i would see you. I thank God for giving me the privilege to witness your passing away peacefully. You are in better place where no pains or sorrow. Bukola, i am going to miss you alot. I am proud to be your kid brother. I will always make you proud. Oluwaseyifunmi is in better hands so do not worry about her. *I'm still in shock about this news. My wife showed me an evite of a funeral and I could not admit it is true. I wish it's all dream so that I can wake up from this nightmare.*

*However, the Lord gives and can always call home. The time you spent with us was wonderful. I will always remember you for your hospitality, respect and humility. I remember the first time I visited the family, how you made so much preparation for us as if hosting a royalty. You left me with an impression of how virtuous you are. You are always respectful, a trait I cherish so much. Always with a smile and always showing love.*

*Your departure sent me a shock that I'm only trying to figure out. We are in grieve, but for whatever reason it may be, the Lord remains righteous, and what He has allowed must have been in righteousness.*

*May the Lord comfort the family. My heart goes so much to Sisimi, what word can I utter to comfort her, but to commend her into the good hands of the Lord Jesus. May the Lord wipe our tears away and give us peace.*

*Rest in the bosom of the Lord till we see in glory.*

*Sister Bukky!!!, I am still in shock and struggling to accept that you are gone. Your warm smile and gentleness always radiates from a far. I screamed and called my mum who just shouted as she cried with pain before she hung up in panic. Sister I know you are in a better place but with heavy heart we say good night and rest well till we meet to part no more. Continue to shine your light on all the family but stay near Seyifunmi always as your unconditional love towards her lives on too. We love you but God loves you more.*
