“ Bradley, Bmoney, best friend. I will never forget when I would pick you up from work and we would talk about life. Or the times we would just ride around and blast Panic! At the disco in my car and you would scream the words. The first time I played a song from them and you knew every word- I knew we were meant to meet. I thank you for making me happy when I was the most sad. I love you and will miss you forever. Keep Nicko company for me up there. Until we meet again. Love, dmoney ❤️
