“ The first time I met Bridget was when Rita Semein brought her to my home to meet me when I first moved in my home here as a neighbor of Rita's. Bridget, that day was like someone I had known all my life and it never changed. She was the most outgoing, never meet a stranger, spur of the moment people you could meet. During the time before she passed while she was going through the process of illness before it was pronounced she never changed, she never stopped going and moving any different from before. She left a heartfelt warm hole in anyone's heart that got to meet her and I know she is with the Lord and I'm blessed to have known her for this short time and got to share her with all of her friends and family. You are the One Bridget! Love Piavazelle C Jerome

“ Bridgett was a beautiful friend and coworker. I enjoyed laughing with her on many occasions. She and I shared the same two doctors at Emory and had the same surgery. Recently, Bridgett shared with me how to work with Kaiser Permanente in getting them to finish our other surgeries to make us whole. I have started this process because of Bridgett and appreciate her in starting this process. She was a very caring person and I will miss her and that beautiful smile. Our prayers are with her family and friends and I pray her memories and your strength in the faith of God will get you through this difficult journey.
