“ Dear Swan Family: Please accept my sincere condolences for the loss of your loved one. May the love and support of family and friends comfort you greatly during this difficult time. The Bible also gives us comfort and hope to see our loved ones again right here on earth by means of the resurrection. “There will be a resurrection of the righteous and the unrighteous “ May you have peace as you think about this beautiful hope for the future.

“ My deepest sympathy - Carl was a kind and compassionate man. We graduated from CCMS in the same year and kept in touch throughout the years as he grew in becoming a fantastic mentor and funeral service practitioner. I find comfort in the time I recently spent catching up during his last visit with his wife to CCMS. God Bless those who are grieving this profound and sudden loss. May peace find you in the memory of Carl's selfless spirit, bright personality, and unending commitment to serve those in need.

“ I recently reconnected with Carl during his visit to the Cincinnati College of Mortuary Science. We spent a significant amount of time walking the hallway as we looked at alumni photos. It was fun to reminisce about our classmates and colleagues. How grateful I am for that special time with him! May God bless Carl and all those that mourn him.

“ Carl and I had a chance to visit recently at the Cincinnati College of Mortuary Science for a couple of hours. I am so thankful he stopped in to visit. We talked about our profession and our shared history in the US Army as Infantrymen during Operation Desert Storm. CCMS lost a distinguished member of our Alumni and a patriot on April 28th.
