“ Carol's Song

*On the Eve of the day that we celebrate Christ
Carol was born; a cause to celebrate twice!*

*Her name in Old English means independence and freedom
While the French interpretation means joy and celebration*

*Her name is the definition of the songs we do sing
To herald the birth of our Savior and King!*

*I had the great pleasure to meet her years past
And the friendship that developed; seven years it would last*

*As we dined and attended one event or another
And talked and laughed and shared stories with each other*

*The friendship grew more and the camaraderie peaked
I would happily drive any place she would need*

*And despite my objections, she'd bless me with gifts
Expressing her appreciation for a companion and lift*

*It was truly my honor, and I'd do it again
For there's no better reason than to uplift a friend*

*Our time as friends was great; though it's only been seven
But we will meet again, as we celebrate in Heaven!*
