“ When Carole Renee and me were growing up and getting in to bad trouble together, we use to talk in code using fake names (Connie Francis) to throw my dad off but one day he busted us out letting us know that he had been on to us! Carole Renee and me laughed about it every-time we got together. Our birthday was 1 day apart. She will be missed!

I have known Renee since childhood in Milwaukee WI and she and I were very close as kids Renee was always the quite one and I was always outspoken and use to use to do silly things and laugh so hard about them but we had so much fun although she moved out of state later in life I always knew how she was doing through her Mom she will be missed so very much

“*Carol was a kind, compassionate, and giving person. I had the honor of working with her professionally this past year. She was compassionate and caring in her professional role as a Clinical Social Worker. She provided a non judgmental, supportive, and nurturing environment for the individuals she served. Carol demonstrated selfless service for those she served. She always had time to listen. I will miss her beautiful smile and embracing laughter. Words have little meaning to how much Carol will be missed.*”
