*You were the most wonderful mother god could ever bless a child to have. You were always present and supportive when needed. Most of all, you raised your children with a strong religious foundation which has given me the peace and strength to say bye. Loving you always and forever, it is not bye, but rest until we meet again.*

“ To me, she was Queen Catherine, and that's how I always greeted her, the royalty of Life Care. She could spot me from across a crowded room and she'd beckon me with her hand. She was radiant, always elegantly dressed and wearing beautiful matching jewelry. Her smile was genuine and her eyes sparkled like gems, especially when music was playing- gospel, reggae, and soul. We made a point of chatting, laughing, and hugging each day. And in parting, I always whispered I LOVE YOU and kissed the top of her head. I will cherish the time we had together and keep the memories in my heart.
