“ In a state of shock, Charlie Mae always brought laughter and smiles to a room. I have known her for 20 years and she was an inspiration to many. And one thing for sure she was proud of her girls and loved her family fiercely. Kiss your mama Sis and hollar at AJ for me, your legacy lives on in Crystal and Diamond and through them you smiles, laughter and caring spirit live on.... 💔💔💔💔

*Charlie Mae was one of my favorite cousins and playmates. Some of my best memories was playing outdoors with her. She was always protective of me and sweet. As adults we both moved away and lost touch but we reunited on Facebook years later. There was hardly a day went by without her sending me inspirational emails and messages letting me know she loved me. When we talked we talked of yearning to see one another again. Unfortunately due to this system of things that makes life so busy and so hard we never got the chance to see each other again. I know I will see her again one day soon so knowing that I do not worry and I am not terribly sad because we will race and laugh and play together again one day soon in paradise. I will always love my cousin.*
