*I was just talking about her today. She was my son's pediatrician from age 3-18 many years ago. He now has a son who we think is going to be as rambunctious as he was. So I decided to look her her up, and I found this. So saddened to hear of her passing. Yet I have plenty good memories. Praying that her family is feeling the ease of her passing, and reminded of her comforting love daily.*

*God bless you all.*

“ From the time we met in 1986, she was a delight. Always volunteering her time and energy. Anytime I hosted a barbecue or any function, as soon as Claudette entered the kitchen, she would roll up her sleeves and say: “where would you like me to help?” Always giving of herself selflessly. I have not met any other female as humble and gracious and calm and collected as Claudette. Such a rare diamond! Blessings and deepest sympathy to the family.

“ From our first meeting the warmth of Claudett's spirit said welcome to the family and remained constant. Oceans separated us but that made no difference.

“ Claudette, was more than a friend, she was a true mentor. She could be called the "Mother " of Bridges. Leadership never needs a title but Dr Claudette Heyliger Thomas was the example of true leadership. How could one rest when you saw her up late at night on that computer, how could one rest when she had another project SHE want you to do(she never rested). She is and always will be the standard set for Leadership, mentorship and true friendship. The void felt will always be felt.

*Much love "Auntie Claudette, have a glass with Mommy , Daddy and Ricky"*

“ I just wanted to give my condolences to the Thomas family. I met Doctor Thomas through her son Kudjo who is friends with Adam. I looked at her as a second mother ever since. She was the pediatrician to my children when they were younger and she's always been kind and helpful in any way that she could with our family. So on behalf the Mcdonald-Jones family again we say thank you and that she will be sorely missed.

I knew this lovely lady since High School dsys at St Joseph's in Guyana. She was always pleasant, cheerful and a notably caring individual. I never heard her complain or criticise anyone, but KEPT a positively endearing manner. I already miss her and KNOW that sentiment is shared by many. May she spend eternity worshipping her CREATOR.

“ Dr. C Thomas was a great person. She loved to help and take care of people, even our mom, dad and grandparents. She was a wonder doctor and fun to be around, as she always found a way to make people smile. We love her for all that she has done for our family and many others. I know she will be missed.

“ Kind, caring, generous, unselfish, loving. These are the words everyone uses to describe Claudette. Honey, Sweetie, Dear heart. These are some of the names Claudette called her friends and family. She treated her friends like family, and family as if they were her own brother, sister or children. If you knew Claudette, then you may have a similar story to me. Claudette and Kelly were guardian angels in my life, and as a young man took me into their home in California. Kelly took me to buy my first car. I tried to read his thesis. He advised me about my work at NASA. I rocked the kids to sleep while Claudette was on double shifts and Kelly was In the Caltech lab. Claudette has cared for and reached out to me throughout my life, and I know for all the blessed work she has done in our lives. She will be rewarded, and Kelly and their children are covered by God's grace. Rest In Peace from Mark Bobb and family.

“ Claudette my Cousin, my little sister, you and I were the youngest of our generation the ‘Baird Girls’. Partners in crime and coping with family tragedies and successes. Over the years, we shared a common bond and interest in each other’s life and well being, which could only be broken by death.

Today I find my self struggling with one phrase that would capture your character and multifaceted personality.

The ‘Good Book’ Joshua 1 v 9. Came to my aid.

“Be strong and of good courage: be not afraid, neither be dismayed: for the Lord thy God is with thee wither-so ever thou goest”.

Yes indeed these were characteristics of you my cousin, but you were much more.

My favourite poem ‘IF’ by Rudyard Kipling came to my rescue.

“ if you can meet with Triumph and Disaster and treat those two imposters just the same”. Yes indeed You had encountered these imposters on many occasions and had conquered them.

Yet for me. Claudette your personality was still incomplete. The following words Words from Jane Austen’s Northanger Abbey summed up your personality. “ There is nothing, I will not do for those who really are my friends. I have no notion of loving people by the halves. It is not my nature”.

Yes indeed all your life, you gave incessantly without counting the cost to yourself. You believed that to whom much was given much was required. Indeed you have achieved your hearts desire for the entire family and you gave back unselfishly to Guyana.

Engraved in my memory are our parting words to each other at the end of each conversation “I love you my cousin or my sister”,to which we replied the same words.

Today as I say my final farewell to you, for you have fought the good fight and finished your course. So I say. “Sleep on beloved sleep on. Sleep on and take thy rest. I loved you dearly but Jesus loved you best. Sleep on beloved.” Rest In Peace and rise in glory my dear

“ Hear this now, for the Thomas Clan and all who knew Dr Claudette Heyliger-Thomas; she was a gem in class of health-care providers. She exhibited mercy and compassion in every way, and no task was too much for her to bear. Her life-long journey was that "bridge" to Healing, and she made every moment count. Thanks to you, Dr Kelly Thomas and all the Thomas Clan for having Mom share her God-given talents with us. As she rests peacefully, may her "sweet spirit" fill this place with the Glory of Goodness. Let us take heart that her work on earth here is done, but the commitment to service lives on. May her Glory shine upon us all. Sleep on - take thy Rest, Dr Claudette Heyliger-Thomas

“ Dear Family of Claudette Please accept my deepest sympathy on your sad loss. I shared two very happy years with Claudette in the Sixth Form at Bishop's High School. She was a very bright, confident, outgoing and competent girl who also proved to be a kind, dear and loyal friend when circumstances became difficult. We were pretty much left to our own devices in the Chemistry lab and had great fun with experiments which did not always turn out as expected. On one occasion we produced a noxious gas and had to leave the lab at speed to lie down in the playing field in the open air. Luckily we survived that one. Unfortunately we travelled to different countries to study and lost touch but I always hoped we would meet again someday. Sadly that will never happen but I still have her recipe for fried rice and will cherish fond memories of our time together. . I am sure all who knew her have many cherished memories of her as a wife, mother and doctor and I wish I could be there to hear them. Wishing you comfort and peace. With much love to you all. Vimal

“ During the near 7 years that I studied and worked in London and then Shanghai, far from family in the States, Auntie Claudette Thomas called me, long-distance, every Sunday. Just to laugh, gossip, and talk about our lives, school, her practice, our family history, Guyana, my Lupus, her health, boyfriends, difficulty finding a sista who could do a proper press ... everything! When I came back to the States, and as she got older, I called HER on Sunday mornings -- early! -- when I knew that she'd be sleeping, just so that I could jokingly ask things like why she was still in bed when a good Guyanese would have already been up and finished making the bakes for the morning, etc... I loved hearing her laugh and her smart responses that always started with, "Well, girl..."

Claudette was best friend and mate at Rutger's University Medical School, with my late wife Dr. Chinwe Agugua. Her mother was one of the kindest humans I ever met and Claudette inherited a lot of that virtue. She was sharp, soft spoken and conscious of the feeling of others. May God receive her soul in paradise and give her family peace and continued love. RIP dear Claudette!
