“ Jennifer Hillman

To my brother. It's been about two months since you departed this thing called life. A day has not passed without you crossing my thoughts. I still question and try to figure why you had to leave us so early. We all thought we were going to grow old together like our parents. Your passing has thought me that the unexpected happens to anyone and that we do not take life for granted. I miss you dearly my brother and will never accept the fact that you are no longer here with us. RIP my brother. Love you and I miss you so much.

“ I am so thankful for uncle Clifford because he was always present. He was my role model in every way and I made the decision a long time ago I was following in his footsteps. My wife encouraged me to go to graduate school and I knew I could do it because my uncle Clifford did—representation matters. I developed a passion for aviation at a young age thanks to him and made the decision as a child I’m gonna work for Delta Air Lines because he was my role model.

My uncle was selfless & caring to his nephews. I always felt welcomed at his home and always felt a safe space to speak to him about a lot. Things I wouldn’t necessarily address with my dad. My last conversation with uncle Clifford I shared w/ him the aforementioned and told him he was my role model. I made it clear it to him that I loved him and I still see him as a smart capable man and I implore everyone to forge that memory of him and not the last year or so.

He was the best at everything he did and that included being the best influence possible for his nephews and many others who looked up to him. I will miss him and am very sad because I thought we’d have so much more time. I used to imagine my older days with him my dad and my brother together hanging out like the good ole days. You are deeply missed and I happy you are at peace. I am happy for you and I will never forget you. Until we are to meet again.

“ My favorite uncle growing up as a child. Uncle Clifford sparked my interest in technology and is the reason why I’ve made a career out of it. He was always full of knowledge and wisdom. I remember as I child, leaving church on sundays, “can we go to Uncle Clifford’s??”

Thank you for leaving an impact on my life! I strive to be just as good of an uncle, if not better, to my nephew. And a beacon of knowledge for family and friends.

“ Dear uncle Clifford we still can't believe you are not here with us. We will miss you so much. You are always so caring and humble. We wrote this poem just for you. We love you so much. Your loving niece Odessa and Family.

Your time with us has ended and we may not understand why, but our heavenly father has now given you, your eternal wings to fly. The streets are paved with gold and the sorrows are no more, so please enjoy your special journey along the heavenly shores.

All we have now are memories and pictures from the start, to carry us through this tough time, you'll always and forever be in our hearts.

You've lived this life so humbly with your family and your friends, you ran this race so peacefully up until the end. Please sleep in peace uncle Clifford because we will see you yet again.

“ It was fourth grade, and I was sitting in math class. My mother showed up out of nowhere, and to my surprise, she told me to pack up my things, walked me out of class, and we got into a car and headed to the airport. My uncle Clifford was hosting his sister and his nephew for a weekend in Barbados.

We landed, and drove through Bridgetown in route to his home. On the way, we stopped at the grocery store and filled up the grocery cart and also stopped along the road side for fresh flying fish. As soon as I stepped into his house, I washed and sunk my teeth into multiple apples.

We spent the weekend hanging at the beach and lounging around his back porch enjoying the island breeze and sugar cane fields in the distance.

My uncle unlocked my mind to a different world and possibilities. In my adolescent brain, he lived in heaven and shared that heaven with me. I don't recall exactly how many times I visited him in Barbados, but the experiences were so great, they culminated in memories that have tricked my senses into believing I was there every summer, prior to migrating to the US.

Of course the memories go beyond the beautiful sandy beaches and the birthplace of rum. There were numerous memories born in Guyana as well as right here in the USA.

I am sad that I will see him and shake his hand, no more. However I am more thrilled and grateful of the time we got to spend together. Like all of his family and friends, I will miss my uncle, but have and will always love him more!

“ The Executive Board and members of the Guyana Association of Georgia send our sincere condolences to Audrey Teekah and family on the loss of her beloved husband. Clifford Willabus was a member of the Guyana Association for many years. He was a very pleasant person who always had a smile, he truly enjoyed our virtual monthly meetings during 2020 and as recent as our February one, he also looked forward and enjoyed our Scholarship banquets, the last one in 2019. We will sure miss brother Clifford. Our prayers and support are with his beloved wife Audrey, the love they shared for the last 42 years will take time for her heart to heal.
May Clifford's soul rest in eternal peace.

Merlyn Osborne, President, Guyana Association of Georgia.
