“ Aunt Cola was my 2nd mom for 55 years! Auntie was always on the go! Before she was married, she would run home from one job and out the door to another. She always told mama I got my work ethics from her. Little did she and know that I got much more from her than either of us knew. My Auntie played in a bowling league for many years, loved to travel, was our family photographer which we grew tired of the camera until now. After going through a suitcase full of pictures and memories, I'm now joining the family business. Lol. Watch out family because I'm getting a camera! Cola always had a plan for her life and yours. Always willing to help anyone. She loved to cook. She did the holiday meals. Somebody needs to learn how to cook by Thanksgiving or we're in trouble. If you were sick she told you what to take to feel better. Cola was about exercise and taking care of your body. She like keeping up with the times and being hip as she always put it. Cola work hard and played harder. Cola was everybody's Auntie, sister, cousin and friend. Adopted by everybody! God shared this beautiful angel with us all. We are truly blessed to have had her as long as we did. I'll remember all of her lessons she thinks I didn't listen too and make her proud. Although this passing has turn our lives upside down, we've worked together through it all like I knew we could. Cola moves so fast that when she saw heaven she got the heck out of here! Leaving us no time to say goodbye. I'm selfish and tried to cut a deal with God. Take everything she owns just leave her with me. Yall ,God is working on this crazy woman. Trust me, God shakes his head at many of my ideas. 😭 See you Auntie, we'll continue to celebrate you always. Love your niece Alesia
