“ *Memories of an earthly Angel: Corlis was truly one of a kind. I'm deeply saddened at her passing, and happy to have known her. Her influence of beauty, courage and grace left a lasting impression on me and helped propel me in my career beyond the Minority Health Program Office. She was never too busy to offer wisdom and encouragement as she often allowed me a glance at her cool whip (car) and fashion tips. May GOD, El Roi, the Omniscient and loving Father bless you all of your days with memories that make you smile, and reminders of the wisdom spoken by Corlis on His behalf. Your friend, Cynthia Washington.*

“ I met Ms. Corlis when I worked as a CDC Contractor. She trained me on various CDC processes and systems. She was really wise, professional and well connected. We developed a friendship and I looked at her as my second mom. She was one of the jazziest well-dressed women I ever met. I will never forget all the memories (professional & personal). Rest well Ms. Corlis. You will be truly missed.

“ I first had the pleasure of working with Corliss in a CDC emergency response. She was so thorough in her work but, more importantly, always kind and cheerful, even in a high-stress setting. Corlis' warmth and light have made CDC a better place to work and her passion for her own work has certainly saved lives.
