“ To Doris , Cathy, CP and Tyrone..... I am so at lost for I know my cousin, my cell phone buddy and football fan will not be calling me with the dry jokes and crazy bets on his favorite team those Steelers... There will not be a game played that I won't be thinking of Cuz... We are both of the year 1955... We teased each other of who was the oldestI don't know how life will be without him... But I do know how it was when he was present... He is love... Hold on to it because there will be a day we will meet to share it once a again... Be strong and mighty as Corky would say...we will win the battle!

“ CP was a kind and understanding Manager. He tried to help everyone. During my most difficult time in the PO I worked with him. I kept in touch with him 5 years after I Retired. I had the opportunity to talk to him om August 16th. I told I would never forget how nice he was to me. I thanked him again and told him to care care of himself.

“ *To the Family of CP Houston,*

With deepest sympathy, I learned about Corky through another Dover High classmate in Dover, Delaware. You and your family have my deepest sympathy for your loss. CP and I were high school classmates at Dover High School and we graduated together in 1972. I will always remember that smile, and his funny, caring, and kind personality. May happy memories replace the sadness in your heart.

“ *Doris, Kathy & Family:*

It's with a heavy, heavy heart that I send this to you. As you know, Corky was my closet friend, my pal, my buddy and everything in between. To put into words my emotions and thoughts is very very hard. We built the Neighborhood, we organized, we taught, we were like twins. He taught me chess, we played pinochle, 500 rummy, we built a baseball field, a basketball field, we played organized sports and we even rode our bikes on the Monster Mile at Dover Downs before it was completed!! We played music, organized a band, all of this before we were 16 years of age.

I'm sorry I am unable to attend, but these words I express come deep within my heart for GOD has Blessed me with your friendship, loyalty and family values that we were all taught. Just remember, that his passing will not go in vein and that Corky will live on in each everyone he has touched.

The stories and the times, the friendship, they are forever in my heart and soul. I would not trade it for all the money in the world!! Corky my brother we will meet again in the afterlife and have fun once again! I love you and miss you my brother!

“ To the Houston family, you are in our thoughts and prayers. CP left a lasting positive impression on me. I recently started working for the USPS and met CP. As an Army veteran, CP and I had an instant connection. He was very instrumental in my success! He took the time to help me whenever I needed assistance. He would always say, "don't worry about it, I will take care of you" and he did. He was always there with a smile and a helping had. I was not prepared to lose such a fast friend so soon. Please let it warm your heart that CP was a very good person and will be greatly missed. I am truly sorry for your loss "May the Lord bless you and keep your family safe and know you have a great angel watching over you"

“ To the Houston family I worked with CP at the Tucker Post Office, He was the only supervisor I have ever worked with that would work with you not against you to get things done. If I needed to get off to see my sons soccer game he made it happen. If he needed help delivering an empty route we all volunteered to help because we knew when it was our time to get off for something special he would make sure we got off. I am truly sorry for your loss "May the Lord bless you and keep you safe in his arms"

“ To Doris, Cathy and the entire Houston family, I express my heart-felt sympathy for your loss.

The sad news of Courtney's sudden demise has sent shock waves among his many childhood friends from Dover, Delaware. In those bygone days when kids did something called "playing outside", Corky was a leading member of our gang. Whether we were playing ball in Dover Heights, riding bikes around town or swimming at Silver Lake or Rehoboth Beach, Corky's enthusiastic participation in those fun-filled activities remain indelibly etched in my memory.

I was deeply saddened to hear of Corky's passing. I remember him as one of my brother, Everett's closest pals in the neighborhood. He was always at my house or Everett was always at his house. I remember their days long Monopoly games at my house, playing baseball, bike riding, & just being kids & having fun. All of us kids in Dover Heights grew up at a time when neighbors watched out for the kids & kids played outside all day. As a newly retired teacher who worked with today's kids, I can really appreciate what we had back then: shared friendships, street games & great memories. I would often tell my students about how we grew up, as "cage free ,free range kids" in a great neighborhood. Can't think of those days without thinking about Corky & how he was a big part of it. RIP Corky, you won't be forgotten and may God bless you and your family.
