“ Crystal... it's hard to find the right words. You have touched so many people by just being the wonderful person you are. The life you lead speaks volumes. The lives you impacted are shook right now...well I know mine is. Everything about you will be missed. One of a kind of type of chick you are. I'm not family but I know how much this is heavy on me so I can only imagine how your babies and family miss you deeply. Life looks different for sure. Sitting here realizing these words still don't begin to express how my heart feels. Thank you for sharing your time with me. The leadership, patience, the joy, the love, the courage, the humility, the humor, the softness, the realness. You'd give the shirt off your back and never complained. You have lead a life to be admired by many! Thank you! Talk to you soon... see you later. Always love and peace to you and your family.
