“ I met Curry when we first move to the Subdivision during the summer of 2005 at the local supermarket. We kept in touch with each other due to our love for high performance and luxury automobiles. I can certainly say that Curry was a very positive guy as I never heard of him complaining or saying anything negative about anyone. He was always there when you need something. “ My condolences to the family of Curry "Duck" Love. I am truly sorry for your loss, and I pray God will give you peace and understanding. Duck and I met in high school (SWD C/O 86), remained friends, and grew to become more like sister and brother. He was such a kind and funny person, that loved people. Duck was a God-father to my first born daughter Jamille, and also close to my family. He will truly be missed, but Duck my brother/friend we will meet again. I take comfort in knowing he loved the Lord. "To be absent from the body is to be present with the Lord." Rest Easy and much love.

“ I am deeply sadden by passing of my friend, brother, and classmate Duck. Although I was only here for a short time during elementary school and high school we made some lasting memories and had some hearty laughs. As teammates, we went to war together. As adults, we would get together from time to time. It was just a couple of weeks ago we were joking with each other on FB and said that it was time for us to get together because it had been a long minute since we had seen each other. I love and will miss my brother but I can smile knowing that heaven has a good one.

Sending my love to the family. My thoughts and prayers are with you during the difficult time.

“ I'm still feeling some kind of way! Your gentle spirit is all I can think about when I close my eyes! When I open them I have to laugh because I think of your reaction when we got into trouble with that darn phone bill! We thought we were going to be together forever ! Your soft spoken words of comfort when our parents were so upset with us made me feel like I could conquer anything ! That's the special memory I have of you. Your sweet, easy demeanor! Rest now!

“ *My wife and I are neighbors to the Love family and we share in the mourning of his passing. We both experienced the many times that we would be out walking or working in the yard when Love would pass by, rarely without stopping for laughs and conversation. It was our privilege to have known him and he will be deeply missed in the Lyndhurst community. Our prayers are with the family and be assured that earth yet have no sorrows that heaven cannot heal.
