“ *Dear Horton Family,*

I was deeply saddened to hear about Damon's passing. Although we never met in person, I had the pleasure of working with him over the phone as we navigated the DIAD 6 project. His kindness and dedication were evident in every interaction.

Damon went above and beyond to help my team when we were in need, and I remember how he made sure to follow up even on weekends, all while managing to attend his son's basketball games. His friendly calls and updates were not only helpful but also a source of comfort and encouragement.

He will be greatly missed, and his memory will be cherished by those who had the privilege of working with him. My heartfelt condolences go out to you during this difficult time.

Sincerely,

Mark Morig
