“ *I remember when you were in diapers and always searching through my purse for candy. You are my baby. 🥹🥹🥹 You always greeted everyone with a hug and kiss as a child and you continued as an adult greeting the ladies with a hug and kiss. You will be greatly missed. Rest my Baby Darius. Love you always.*

“ The day I meet you there was a smile on your face of amazement . You looked back and forth at your sister and mother as if you was seeing twins. You were so happy and from that day forward your feelings for one another blossomed into a relationship of love, support and admiration that blessed my heart. The way your big sister talked about you made me feel that I knew you. Today I weep with her because I know how much she loves you. Keep smiling down on us. We are going to need it.

16 (B) Live in harmony with one another.
