“ Dear Sims Family: Please accept my sincere condolences for the loss of your loved one. May the love and support of family friends comfort you greatly during this difficult time. The Bible also gives us comfort and hope to see our loved ones again right here on earth by means of the resurrection. May you have peace as you think about this beautiful hope for the future.

“ Completely heartbroken. When I first got to Biolab, my first big assignment was to help improve the cash application system "for Deborah". They had so much respect for her and her expertise. It was a joy working with her and she was extremely knowledgeable which made my job easy. We soon became regular lunch buddies. Anyone who knew Deborah knew she liked her food "HOT"; not warm. We always laughed about that. What a beautiful person; inside and out. Much too soon.
