“ I worked with Delois at Dekalb Medical Center's ER for several years - quite a few years ago. She was without a doubt one of the most unique people I've ever known. Hardworking, no-nonsense, compassionate and kind. (Also had a GREAT sense of humor!) She busted her tail working the night shift with a smile on her face and more spring in her step than many of us almost half her age (or more)! For her patients she was an advocate. If she couldn't handle a request herself she made sure she found someone who could. It has been many years since I've seen Delois but she has always been a fond memory for me. She always will be. Hearing of her passing brought some tears of sadness but also GOOD memories and most definitely a smile. She will be remembered well and I will continue praying God's blessings and His peace on her family during this time of sadness.
