“ My sympathy goes out to the family of Miss Denise. I cannot believe it. I enjoyed our conversations when I used to come into Georgia Cancer Specialist when I was going through chemo. While I still go there for checkups, I was hurt to see that she had passed away. It is a sad irony. We used to talk all the time and I remember her telling me that she had a relative (I think brother-in-law) with the same name as me. She was such a ray of sunshine at GCS. You can always hear her voice because it resonated through the hallway. May God bestow the spirit of peace upon the family.

“ My condolences to the family. Miss Denise was a wonderful person. A personality that grabs you and makes you feel the caring and understanding that she was all about. Conversation was easy with Miss Denise. I felt she listened and was interested in what we talked about. We always compared our breast cancer pins and she always congratulated me at my office visits. I will miss her smiling welcoming face. I am so glad I had the opportunity to know Miss Denise and our paths crossed. May God continue to bless the family with strength and encouragement.

“ Denise was my go-to tech at Georgia Cancer Specialists where I am a patient. She was always kind, gentle, sweet....we talked about a lot of things while she drew my blood, took my temperature, held my hand. We shared stories about our families, she gave me hope and my heart is broken that she is gone. My deepest sympathy to her family and friends. ~ Judy Serritella

“ May you all gain comfort in Jesus' encouraging words recorded at John 14:1... "Do not let your hearts be troubled. Exercise faith in God, exercise faith also in me." Keep in mind... "God sent his only-begotten Son into the world so that we might gain life through him." (1 John 4:9). My sincere condolences to you all...
