“ *I remember when my cousin Dennis, would come and visit his cousins in the country. My mom have always spoiled Dennis, by cooking his favorite dessert, which was a buttery homemade chocolate cake made from scratch. After baking and frosting the cake with that homemade Hersey's old fashion coco, and after the cake had cooled, my sister and I would ask our mom, could we have a slice of that cake, and she would tell us NO. She would say" I made this cake for Dennis, and if you want a slice, you will have to wait until he arrive. She would say also" Dennis going to get the first slice of this cake, and don't ask anymore if you can have a slice. After Dennis arrived, and got the first slice of the buttery chocolate cake, he would tell my sister and I, that we could have a slice of cake, that was all we wanted to hear. Afterwards we were full of chocolate cake and we three was happy.*
