“ To the family of Ms. Diane Booker. I went to Bauder with her. She was a caring person. We even talked on the phone a few times after. She will be missed but God knows best. She has her crown now. God bless you and give you peace during this time of sorrow.

I just found out that Diane had passed away, right after I had visited her at the hospital. We went to Bauder College together, we worked together (a few times with different companies), we went out to lunch, and we talked on the phone all the time, before we lost touch with each other, over the years. Something told me to reach out to her last year, and I found out that she was in the hospital, which I went to visit her. she passed away shortly after that visit, and I had no idea.
