“ *Donald was my sibling. As a child he'd tell you i was his best friend. Big mama loved to play this trick on him because she knew what he was going to do and say. She'd say, "Donald, do you want to go to Florida or Greensboro or anywhere with me". Then he'd immediately have to find me and say, "Pia, you going, hah Pia, you going". If i said no, he'd tell big mama no. And She'd laugh, because she loved to hear him say, "Pia, you going, hah Pia you going?". I remember you were a pretty little boy. Donald rest awhile your sister Piavazelle*
