“ Mother Jennings was a significant influence in my life, with whom I had many meaningful conversations and shared a great deal of secrets with. She offered advice that I needed. I am thankful for her presence in my life.

I will forever cherish memories of her, like when she taught me how to hold and position my fingers on the bass guitar, it was so much easier after adjusting. She always praised me for adapting to various song keys and her fried chicken and potato salad was amazing!

The Fashionista always rocked the flyest shoes and coolest eyewear in which she exuded beauty in every aspect. I admired her charisma and class. She was a great example to our generation.

I enjoyed spending time with her, the girls and Jr, and was so excited to see them coming because I knew we were going to sing until the power of God came down. We were all ready for that part of the service. They were like family to me, to us- my sisters and I.

I know you all will miss her greatly; she was a pillar and will forever remain dear to my heart with a beautiful soul. The tree that was planted in memory of her is from us all, because she was like a tree that was planted by the rivers of water. Family, I love you all. Stay strong, hold on to your memories, and may God bless and keep you, is my prayer. It is well with her soul.
