“ LaDawn you probably don't remember me, but I was one of your mother's students at D.H. Stanton. You met me when your mother would take me to the Clark Atlanta Saturday science academy. I happen to Google your mom to get in contact with her, the last time I spoke with her I believe I was either a senior in high school or freshman in college. I am really torn up about finding out she passed away. I've been trying to reach out to her for years. She was my favorite teacher. She cared for her students so much, she saw all of my potential and pushed me to be my best. She made sure I got to the Saturday Science Academy because my mother Did not have a car at the time. She was so loving and giving. I've always carried a piece of your mother with me. I've never stopped talking about her. They do not make them like her anymore. I hope this message reaches you. My God continue to shine on you and your family. Love, Tiffany(class of 1990) 404-805-0458

“ I am so sorry for the loss that your family has faced. I went to school with LaDawn, and I always enjoyed my time with Ms. Hackett. She was warm and humorous, and you could always tell how much love she had to give. My thoughts and prayers are with LaDawn and her relatives at this time.

“ I send my warmest condolences to the family. I am pretty sure that nobody likes events such as these, but there will be a time where there will be no more funerals nor deaths but eternal life in a paradise earth as mentioned in Revelations 21:4.

“ To the family: I extend my condolences for your loss. However, do you know there is a loving hope for our dear loved ones currently sleeping in death? You may find this hope within God's words at Revelation 21:3,4. May this promise provide you with comfort during this time of distress.
