“ *My grandmother was one of the strongest people I knew. She helped raise me and so many others and made sure I knew right from wrong. She gave so much, to so many people. I will always cherish the memories I have of you, and the lessons you taught me. Thank you for all that you have done.*

Gigi was a great woman before her sickness came. But most of all she's still a great great grandmother. To this day forth I give as much love to her. Let her rest in peace.

“Dorothy Martin...The best grandparent a child could ask for, I remember always bringing friends around and them saying “ask your grandma can I get a snack I bet you she’ll say yes” although I’d tell them no.They some how ended up with the snack. You taught me how to cook, be hands on, independent ,and how to know right from wrong .Lastly don’t take any nonsense from anyone, The memories I had with you will always be endless thanks for being my grandparent

“Greetings family,

I want to share a memory that I have of Granny. I remember her always making me feel welcomed. She made me feel a part of the family since the first time I met her when I was in high school. We were talking one day and I asked her what her favorite movie was. And she told me she liked Westerns. She told me her favorite was Young Guns. I actually went out and bought it, because I was like let see what this bout. Never opened it. I still have it in the attic. It’s now a treasure. You had a good one. You will be missed and forever loved.
