“ Douglas Barker will always be missed by the Barker Family. Next to his love for the Father (GOD), Douglas loved his daughter and grandchildren, and had great concerns for his siblings, nieces, nephews, and friends. He always had a kind word or word of encouragement to offer to all of the individuals that he came in contact with. Douglas, your great smile will forever be missed.

Love you - May Barker

“ Douglas - It has been four years since I had an opportunity to see your smiling face. You were a breath of fresh air to all of your family and friends. Every time I see an old chevy automobile, I can hear your voice making statements about chevy automobiles. I know that you are smiling every day that you walk around in heaven. Love you! Your sister May Barker

“ So sad to hear about Pop's passing. Although we had not seen him in years, we always considered him a friend. We were neighbors back in the late 1970's and have fond memories of fun times with him. He called us BruceLee, like the actor. He was always there when we needed help with anything. All of our sympathy to Samantha and the rest of his family.

“ *Very fond memories of Pops. Always a friend, gentleman and hard worker on our visits to the Taylor distributorship where he worked. Can still hear his voice "It's a beautiful day" followed by his signature bird calls. Pops was a joy to be around and truly the essence of a "Beautiful Day".*

Being the consummate "car guy", Pops had related nick names for his favorite people. Proud to have been included in that special circle and always looked forward to my visits and car talk. Which by the way, also included Pops signature sound effects.

Remembering Pops visit to the Taylor Factory with his good friend Charles Gillespie. Being honored for his length of dedicated service at the diner banquet and personal a sit down meeting with our company president. Pops. Humble, respectful and appreciative of the recognition when in fact it was us that benefited from being a small part of his life.

We will miss Pops and will hold memories and warm thoughts in our hearts of this remarkable man.

Condolences to Doug's family and many friend.

“ *We were saddened to learn of 'Pop's' passing. I worked with Pop at Taylor Freezer for 25 years, and we have kept in touch since then. We would meet for lunch or have a nice chat on the phone. He was a great friend to me and will be missed. Our prayers go out to his family.*
