“ I met Edna before Xavier was born, we bonded : while she braided my hair, or as we sat in the daycare at the job, joking and talking about everything, but especially food... Edna invited us all over to speak with a psychic one time, and she was in the process of feeding her kids and all the other kids that were in and out of her house at any point in time, a few of them were her little brothers... I remember she put a roasted chicken on the table to feed them, and we were so hungry from sitting around waiting so long we were picking at it with our fingers. That was the best damn chicken.. it became a thing at all of our gatherings from that point on, to always have a roasted chicken to pick at... edna became my go-to person for any illnesses that I or my son had, and I was her go-to for cheesecake or rum punch. When I got covid last year, Edna sent me an air purifier before I even knew I needed it, and she called me three or four times a day.
She was one of my best friends and I will miss her for a long time....

Edna... we all loved her so and she loved everyone. She was sweet, kind, generous and funny. She was a quiet person but loud when it was needed. She was a great mom and always wanted nothing but the best for her kids!
I worked with her, was friends and considered her family!
Edna was a beautiful person inside and out.
Sweet friend, your pain is no more, even though we were not ready for you to leave you were needed somewhere else.
Sorry the world has lost such a beautiful human
LOVE YOU EDNA
