“ Juan was a thoughtful and genuine person from the heart who would drop by the office or call to see how things were going. We worked together in Audiology and Palliative Care, and it is still difficult to believe he has passed away. I had the pleasure of meeting and talking with him the week before he passed. Juan will be missed by many. Rest In Peace My Friend.

“ Mr Juan will truly be missed he was such a warm and caring man. I met Juan through my daughter who use to work with him before he was employed at the VA. each time he saw me at work he would ask how she was doing and tell me to tell her hello. we all know that God makes no mistakes, and that his presence will surely be missed, Heaven has received a great man indeed. My condolences and prayers to his family!

“ *Mr. Thompson had such a wonderful, caring spirit. He was also always helpful, patient, knowledgeable, and knew how to get stuff done to take care of our Veterans. He was a genuinely warm person who always took time to say hello and show kindness. He will be missed by many people, including his VA family. I send wishes for peace and comfort to his family.*

“ *Juan and I worked together at the Atlanta VA for quite sometime and we became like brother and sister. We fight, we make up. Lol. He was a great person and selfless. He was a fighter for what was right and for those with no voice. Things aren't the same. You are truly missed Juan. Miss our daily chats. Things will never be the same. I knew you would be the winner!! Rest my friend!! ❤️*

“*Juan and I first met a couple of years ago at the Atlanta VA Medical Center. From the first day we met, we just clicked. I think that we were both extroverts and loved to talk. But more than just sharing the "gift of gab," we talked about things that really matter: about life and about our meaningful work with veterans at the VA. I will truly miss seeing him in the halls and getting to chat with him on occasion.*

“ Juan was a great friend and co-worker. He will dearly be missed by us all here at the Atlanta VA Medical Center. He was always so very loving, kind hearted and so very given. We were just talking to each other in the hallway on Monday, March 29th prior to his passing on Tuesday, March 30th. He was moving closer to my apartment community area (about 3 minutes away) and he told me that he'll be moving on Friday (4/1). And that he may consider joining my vanpool. I was looking forward to him moving closer to me as we both shared a favorite soul food restaurant that we often saw each other at. He had just surprised me on last week with our favorite oxtails and brought them by my store in Duluth. He was always so given and did not want any money in return. He took the time to talk with my boy friend and I. He spoke to us about his deceased wife and showed us pictures. You could still see the love in his heart that he still had for her and how he missed her so much. We are all in disbelief here at work (the Atlanta VA Medical Center) that he's gone but he will never ever be forgotten. Our prayers are definitely with the family at this present time. May the Good Lord provide comfort at this time of loss.
