I met Emily, as a newly hired intern in Region 2. We grew to become friends, having lunch together. Both of us moved to NRC HQ, although we did not see each other often, when we saw each other, it was if we still in Region 2. Emily was sweet and personal all the time. I will miss my friend!

“ My condolences and prayers go out for Emily and her family. I met Emily when she first relocated to NRC HQs and immediately I fell in love with her, her smile & laughter, her Georgia accent, and that wonderful joyous spirit of hers. I've been thinking about her recently, I guess it was her way of saying goodbye to me. I won't say goodbye, I'll simply say, see you later Emily. May you rest in peace and forever be in the presence of JESUS.

“ My Dearest Friend ☐,
I was so heartbroken and saddened to learn of your passing, my good friend and classmate Ms. Emily Robinson. It seems like yesterday when we were playing in your backyard, eating your mother's award-winning candied apples, having sleepovers to our school days. I can see us now marching down the field at our award-winning Murphy High School marching band as Majorettes (we were majestic). My dearest friend you are now gliding among the angels at the feet of our most high drum major our Lord and Savior Jesus Christ. I'm so honored and blessed to have known and been in your life over 50+years. Although, I moved away shortly after graduation, I still held my core external family in my heart and we laughed everytime we were able to meetup. God is great because he gave me one more time to be in your presence at our 40th High School Class Reunion. We had an opportunity to briefly catch up and reminisce about the time long past. I will cherish our last photos together, laughter, and your beautiful smile. Well, rest my friend, pain no longer has you, you are free to soar among the angels because you were an angel to me on this earth. You will be dearly missed but never forgotten your candle will forever shine bright. Until we meet again my friend Rest In Power 💕🙏🙏🙏.

Love you dearly,
