“ Dearest Veronica and Robertson Family, I had many conversations with Eric regarding work and projects. Most of our chats were online and on the telephone. We had each other on speed dial to bounce things off each other and for lending a listening ear on things going on. From Georgia to Texas, we connected because of past military and work experiences, and we were there for each other as best we could for work. He called me up one day last year (2023) to see if I were scheduled to go to a work trip in Pennsylvania. I jumped at the opportunity to finally meet him face-to-face for the first time. He was a good man, and you could really tell that he did the best he could with what was given to him in everything he did. Please accept my condolences during this hard time. Eric will be truly missed. Sincerely, Matthew H. Martinez

“ Veronica, while I do not believe I have had the pleasure of meeting you, my heart goes out to you and your family during this difficult time. For me, the transition of life always seems too soon, but in those moments I remind myself of the importance of celebrating that person's life. I can say that Eric was a very funny guy, always humorously spoke his mind (including how he felt sorry for whoever had to upkeep and pay for my nails that I get done religiously), and was very good at what he did. There was never a dull moment. Eric was always helpful and kept a smile on his face. He will be missed.

“ I had the honor of working with Eric for many years at EPA. He was a great man, a true professional, and a great guy. I want to offer my prayers, love, and condolences to Veronica and Eric's entire family. He will be missed.
