“ *Eunice was the Administrative Assistant for the Department of Psychology at Clark Atlanta University for the past several years, and my right arm in my current position as Interim Chair of the Department. She really brightened the lives of our faculty and students with the love and caring she showed to all of us. Personally, more important than her profession was the fact that she was my sister and one of my best friends. Her loss is a major blow to me, and I can only imagine the depth of the void her family is experiencing. Know that I am praying with you, that our Lord will enfold you in His loving arms, help you to feel His presence, and to realize that for Eunice this is not an ending, but rather the beginning of a new life more wonderful than we can imagine. We'll all look forward to seeing her again in the next life.*

“Eunice and I both attended Tennessee State University; however, I didn't meet her until I moved to Atlanta and became active with the TSU Alumni Association Chapter. She was such a wonderful person and I will truly miss her smile, her enthusiasm for life and her love for Tennessee State University. Her warm, outgoing personality made everyone feel special and very much appreciated.

Our Chapter will never be the same without Eunice's presence. We will all miss her very much. Our prayers are with her children and grandchildren: May each of you find peace in knowing that your mother/grandmother was loved by us but remember that "God loved her best" and has called her home to be with HIM.
