“ I am so blessed and thankful for you grandma! I’m so thankful that you were able to stay with us In Michigan for the Holidays. It was so amazing to have you with us and you were amazing company! I’m so thankful for the pictures that we have with my mom. I find myself looking at them all the time and just smiling. Seeing you smile grandma makes me smile. I know you’re smiling in heaven and I remind myself that we are celebrating your life. The life of a God fearing, praying, loving woman. So when sadness tries to come, that reminder puts a smile on my face and remember that though it’s difficult, this is a part of life and I’m so glad that you knew the Lord and I find peace and comfort in that. I will miss making the road trip with my family to come down to see you and stay with you. I even miss when we would come down to Alabama when I was a kid and we’d stay with you and Pawpaw. And I remember I used to love to give you hugs because I used to looovvveee the smell of your perfume lol! I have so many childhood memories of those road trips I could go on and on lol But I cherish those memories forever and I’m grateful to have had you in my life. I love you so muuccchhh and I’m so glad for all the memories ❤️
