“ I met mama in 2009. She took me in as her daughter immediately!! She was the sweetest, kindest spirit a person could ever know! We always sat next to each other the years I attended Central Holiness. Nobody could make Mac & cheese like Mama!!! When I would tell her I loved her, she would say, “I know you do baby.” “And you know ya mama loves you too!! Mama I didn’t know your kidneys had started failing you, nor did I know you were under Hospice Care. I would have come to see you immediately. I’m so saddened about you leaving us, but my Spirit is happy because one thing I do know, is that you loved the Lord, and I believe without a doubt that you made it in to see King Jesus!! Until we see each other again Mama   . I love you, Sabrina

“ I loved hearing Sis. Booker sing "I am a living Testimony" at Central Holiness Church. She was a sweet kind hearted person. I'm going to miss her. The family are in my prayers. Pastor Barnett
