“ To the family of Garry Fryar, I would like to express my deepest condolences for your lost. Having met Garry in 1978 when he came into the band room wearing an Abe Lincoln style top hat, he made feel as though I had made the right choice by being a member of the Blue & Gold Marching Machine. To sum it all up, Garry was a good dude! I always referred to him by the name of Fry. He would look at me and smile and say, "Andre Gore what are you up to now." He will truly be missed, but more importantly he was really appreciated as a person. Rest in peace Fry and I'll meet you in the end zone to march into Heaven when the time comes. May God embrace your soul is my prayer. Andre Gore//Tenor Drummer//78 - 82

“ The family of the late Charles Leebo Butler would like to send our condolences to the Fryar family. We shared many happy moments with "Chief Trog" as he was fondly called. He was a good friend to my husband, his Phi Mu Alpha line brother and his "Thunder Brother" at NC A&T. Fryar became a friend to me and an adopted uncle to my sons. Fryar brought laughter to every occasion. He's probably telling Jesus one of his funny jokes! May God continue to bless and comfort the Fryar family. Keep the memories alive!

“ My deepest condolences to the family, I met Garry at NCA&TSU Greensboro N.C., we were marching band members, 1976 I believe, he was a happy person always with a smile on his face, and that laugh made you laugh,,we had a lot of fun in the organization at that time, we were more like a family than anything else, back then we used the band as a stress reliever , we marched to the field from the band room 4 times a week, about a one mile round trip of picking your feet up, non of that Corp style stuff,back then it was not a problem, we loved it , we called it "Show Time". Enough reminiscing, as my friend has made his transition one thing we all can learn from Garry is always look on the lighter side, the world doesn't care if you mad about everything all the time, RIP Garry Fryar, ThunderBrother Tuba Section co assistant & section leader, I can still hear ya pumping that bottom with joy.
