“ My deepest heartfelt sympathy to Genea's family and friends. We were introduced not even a year ago but I already taken notice of her passion, god given spirit in the Caregiver community. A passion we shared of being caregivers for our Mothers. That first phone call. It seemed we were old High school friends. Finally. We met and her spirit was just as genuine. She allowed me to share my journey on her facebook platform. We laughed. Cried and prayed in that visit. I am saddened but what an awesome God filled spirit i felt in her presence. "Okay?" She served well.

“ *Genea, you were an amazing pillar of faith. You were a HUGE encourager, listener, promoter of ALL things good for others. What a great wife, mother, daughter, friend, sister. teacher, and I could go on and on. This has hit me REALLY hard. I appreciate all of the late night/sharpening word conversations, mid day prayers, and everything else in between of you encouraging me and just us being there for one another. How we would pray for one another, your joy, your laughter, and your sweet and loving spirit.. Okay!! As you would always say. I am praying for your family and that God will show me the best ways to be a blessing to them as you were such a blessing to SOOO many. May God comfort, shield, and bring peace to Gary and the boys; and God may your legacy continue to live on. Bless us Lord in your strength, grace and power in Jesus name.*
