“*Sending condolences and love to the family. After seeing her picture here, I remembered something I learned from Sister Gilliard. Once, after a meeting, she told me I looked nice in my red sweater. She said it was a good color for me because I have red undertones in my skin and I should wear red more often. Of course, a compliment like that from someone who was always dressed to the nines was never to be forgotten. But, this was also a completely new concept to me i.e. choosing clothing colors that complement your skin tone. I always wondered how she came to learn this tidbit of knowledge but mostly, I am grateful for any time our Gertie Gert shared her knowledge with me. She is certainly missed.*

“ I send love and prayers to the family. I have very fond memories of Ms. Gert (mom). Not only was I her and Toya's hairstylist, we became family. I love her dearly and she loved me the same. We told each other every single time we saw one another. She's was a beautiful woman inside and out. I will miss her laugh, her smile, and even her theatrical antics while getting her hair done. I am so grateful that she poured into my life and was a blessing to me and my family over the years. She will be dearly missed and forever in my heart 🥺 to Toya, Wayne, and the rest of the family: My deepest sympathy and love goes out to you all ❤️ 🙏

“ My deepest condolences to the family. We were not created to experience death nor grief, so neither will ever feel natural. I just pray for comfort for the family until it's her time to come back. I can't wait to meet her!

Our condolences and prayers to my family (cousins) Gert will be truly missed, missing her pop up visits as she use to do and the phone calls. Mom and Gert were like mother and daughter as Gert was her favorite niece. Though we cannot be there physically we are there in spirit. We love you all and will keep you all in prayer
