“ James, what can I say? YOU always had a smile for me and a kind word and a hug. YOU, Claudette, and I spent much time together in dealing with some issues with friends. YOU took care of my friend DAN like no one else would have. YOU cooked for us at the LEGION to raise money for needs, and those ribs to raise money for ALS! YUM! YOU will always be remembered for your kindness to me and the love you shared with many others! YOU WILL BE MISSED MY FRIEND! Love to Claudette!

“ One thing about this guy that always brings a smile to face when I think about him is, James I'm gonna tell Claudette on you. Lol and his come back was always " go tell her I don't care" do when I turn to go tell her he always said " hey terry come here I need to talk to you" he always threatened to tell my wife on me also. What a great guy! So James I'M STILL GONNA TELL CLAUDETTE ON YOU for the last time. R.I.P. brother, you will be missed

“ James was more than a friend, he was family. I cannot even begin to describe how much his presence in our lives will be missed. Always a smiling face, always a heartfelt hug... James was the friend you have once in a lifetime. When I lost my Dad to ALS in 2013 - James became an even more important part of our lives and our time together was always cherished. We laughed, we cried, we told jokes and stories about my Dad, and that's what helped us both through. He made a promise to my Dad that he would look after Wes and I, and this wonderful man went out of his way to make sure my son had a a strong grandfatherly figure that remained in his life. Although he knew he could never take the place of "Pop Pop," James did everything he could to fill that hole in Wesley's heart in his own special way.

Uncle James, you will forever be in our hearts and words cannot express how much your smiling face and laughter will be missed. I never got the chance to ask you to walk me down the aisle when Rob and I share our wedding vows in just a few months, but I know you and Dad will both be looking down on us and smiling. The only comfort I can take in your absence is knowing you and my Dad are together and God only knows what sort of trouble you'll be causing again! I will truly miss you stopping by the house, our conversations, our inappropriate jokes that always seemed to bring Dad's presence to life again, and I will simply miss the wonderful person that you were.

Love you with all of our hearts, Kimmy

“ *James was a forever friend....one that spoke a kind word, a word of encouragement, a warm smile. His presence embraced the room. From the first time I met him until the last time I saw him, there were hugs and smiles. My life is forever changed as his words were inspiring and his smile contagious. Rest in peace my dear friend. Sing with the angels and all those who have passed before you. May God embrace his family and friends during this difficult time.*

“ *I will always remember James for his kindness when he was always around. He loved the people he was around & always shared a great, big hug when he saw you. I will also remember James for his wonderful voice when he sang at Karaoke on Thursday nights at Hank & Jerry's, it will not be the same. He will surely be missed by all because his chair will be empty. My heart goes out to the family & friends at this time.*

“ All my memories of James will forever be cherished. James was one of those people that just automatically made you feel special when you were in his company. He always, always made you feel welcome and loved. You could always tell that his concern and care for other people was genuine. So many peoples lives will be affected by not having James in it.

Lots of people hug, but when James hugged you - you knew it was not just a polite hug, it was a truly caring hug. When he enveloped you with those arms of his you felt his love and energy and knew his hug was the real thing. I can not even begin to tell you how much you will be missed my friend. Rest in Peace.

Loving thoughts forever,
Jeanie Draper
