“ I had the pleasure of working with Michelle for many years. She was not just a coworker, but also a friend and someone I shared many laughs with. I am heart broken at her passing but know that we will meet again. My heartfelt condolences to her family and all that loved her.

“Michelle hired me in 2018. She was my manager for my first 4 years with GetixHealth. We quickly bonded and our bond grew stronger as time passed. Those four years working with her were the best four years of my entire career life. She was a strong woman who had a solid faith in God. I will never forget her advice and words of wisdom. I could go to her at any time, whether it was work related or personal, and she always made herself available. She was an amazing person, truly God’s angel on earth. Michelle always had words of encouragement for me (and all with whom she spoke). During the time I was blessed to have her in my life, we shared so many wonderful and fun memories. She was a superb leader, the best manager I’ve had. Her family was her world. She talked about her children all the time with a huge smile on her face. You could see the love and pride shine through. Michelle made a lasting impact in my life in general. I am saddened that I could not physically be in attendance, due to a commitment with my daughter. I am devastated. My heart hurts. I will forever miss her. 😞

Machion, Chandler, and Chase, please know that my heart aches for you and your extended family. May God give you the strength and surround you with the support and love to see you through. Thinking of you. ☐

My most heartfelt love and support,  
Margie

“ I am filled with shock and disbelief with the news of Michelle's passing. I worked with Michelle for the past 8 years. Over those years we had more than one discussion about our faith and what I do know is how strong her faith was. She will be deeply and forever missed but I know she is soaring with the angels. My deepest condolence's to the family and God Bless each one of you.
