“ Uncle Jerome was always smiling when I saw him, he joked and wanted to share a laugh. Yet he was humble and caring. Whenever I heard his siblings mention him it was with a tone of endearment, honor and love. I met two of his granddaughters in the summer of 2022 and I was so impressed by their desire to learn about family members that they didn't know. Meeting them let me know that they'd come from a lineage with strong family values! Thank you Uncle Jerome for your contribution to the future! Rest in Peace&💜
