

Jimmy Ray Carter

June 3, 1948 - April 30, 2025

Jimmy Ray Carter, also known as Jim R. Carter, was born on June 3, 1948, and passed away on April 30, 2025. We have lost a loving, gentle, and caring person in Jim.

Jim is survived by his devoted wife, Suzanne Lang Carter; his two sisters, Carol DeGasperis and Elaine Payne; his brother, Larry Carter; and his grandson, Johnathan Carter.

Jim was a quiet man who felt deeply for the people and situations around him. Through his kindness and compassion, he left the world a better place—especially for those of us fortunate enough to have known him.

One of the greatest milestones in Jim's life was achieving sobriety. This marked the beginning of the life he truly wanted for himself, and he remained dedicated to his recovery and personal growth.

The most devastating event in Jim's life was the tragic loss of his son, Richard. This loss affected him deeply and remained with him for the rest of his life.

As a younger man, Jim once witnessed two men fleeing a park during his lunch break. He noticed their suspicious behavior and the distinctive car they drove. Later, he learned that two young women had been assaulted—one fatally—at that same park around the same time. Jim immediately contacted the police and shared everything he had observed. Sometime afterward, he again spotted the men and their car, quickly alerting the authorities. His actions led to their arrest and eventual conviction. Jim was always proud of the role he played in bringing justice to the victims and their families.

In his later years, Jim found peace and happiness in a loving and supportive marriage. He spent his final days content and surrounded by love.

Jim will be deeply missed and forever remembered by all who knew and loved him.
